

IT Tech Camps

Spring 2022

You're invited to our IT Tech Camps series. These sessions will focus on key topics that intersect with various IT systems that connect to Apple devices. You'll learn more about managing and refining your existing Apple device management framework.

This Year in IT

Learn about the latest deployment and management updates from Apple this year. You'll hear about updates to Apple Business Manager, Apple School Manager, and Apple Configurator. You'll also learn about Apple Business Essentials and AppleSeed for IT — your resource for the latest beta software and testing plans.
